

Why was the Centre Set Up?

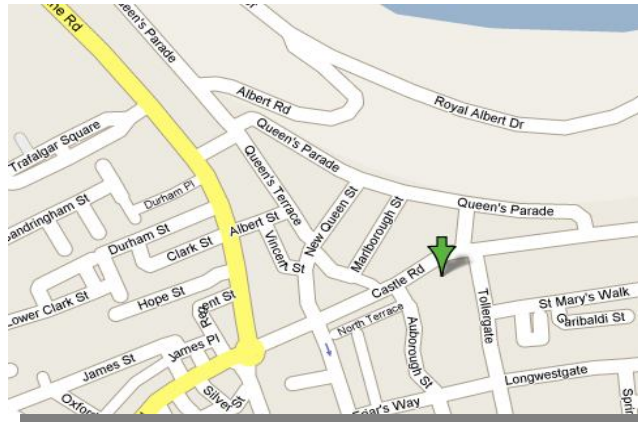

The Rainbow Centre was set up in 1997 to serve the local community of Castle Ward in Scarborough. This local government ward falls within the parish of St Mary's and Holy Apostles Anglican church. For the last few decades this district has proven to be an area of significant poverty and was formally judged an area with critical needs by the EU in a recent report.

The church responded to this need in a practical way by the development of the Rainbow Centre within Parish House. The aim was a simple one -

to provide practical and spiritual support to the needy within the local community and further a field.
